

PARENT CUE APP

Want a touchscreen game for your cat? There's an app for that.

Want to know the best time to go to the bathroom during a movie? There's an app for that.

Want a simple way for the parents of kids in your ministry to invest in their children? Now there's an app for that, too!

The Parent Cue App provides parents with simple cues throughout the week to help them connect to their kids through everyday moments—in the car, at the dinner table, when bedtime hits.

Every month, the Parent Cue App focuses on one specific Life App. Parents receive prompts for videos, activities, discussion questions and more that help them guide their child into a deeper faith.

If your church uses the 252 Basics curriculum, you'll note that content on the Parent Cue App lines up with what kids are learning at your church. It's an incredible tool for parents to reinforce these truths at home.

The Parent Cue App is available in the Apple App Store or Android Market. [Click here](#) for more information and a link to download the app.
